PUBLICATIONS OF THE INTERNATIONAL LABOUR OFFICE

The International Labour Office now issues the following publications : —

Regular Periodical Publications

I. INTERNATIONAL LABOUR REVIEW.

The International Labour Review is a scientific, popular publication containing articles, statistics and information relating to labour and industry, of interest and value to employers, workers, and Governments. It contains, in addition to articles for which the International Labour Office is responsible, contributions by well-known economists, employers, and trade union leaders of their views on the questions of the day. The Review appears in English and French. In conformity with the Peace Treaty, it may also be published in other languages later.

II. THE OFFICIAL BULLETIN.

The Bulletin is the weekly official journal of the Office, and its purpose is to supply information with regard to the activities of the International Labour Organization. It contains the texts of official documents, reports of meetings of the Governing Body and the various International Commissions (on unemployment, emigration, etc.), as well as general information with regard to the progress of the work of the Office. It also contains particulars with regard to the action taken by the different nations, Members of the Organization, to give effect to the decisions of the Annual Conference. The Bulletin has appeared regularly in English and in French since September 8th, and in German since October 20th, 1920.

III. THE DAILY INTELLIGENCE.

The Daily Intelligence, containing brief notes on important current events relating to labour and industry, has appeared in rounded form in French since September 1st, 1920. The Daily Intelligence is now printed both in French and English, since November 15th.

Irregular Periodical Publications

IV. STUDIES AND REPORTS.

The Studies and Reports appear at frequent intervals, and contain short reports and articles on subjects of immediate importance in the field of labour and industry. The collection falls into twelve series:

(a) Industrial relations (the activities of trade unions and employers' associations, and political activity in its relation to questions of labour); (b) Economic conditions; (c) Employment and unemployment; (d) Conditions of labour; (e) Workmen's compensation, rehabilitation, and social insurance; (f) Industrial hygiene, accidents and safety; (g) Welfare of workers; (h) Co-operation; (i) Protection of women and children; (j) Education; (k) Agriculture; (l) Maritime affairs.

V. BIBLIOGRAPHICAL SERIES.

The Bibliographical Series will include: (a) General bibliographical lists of publications, both official and non-official, which are printed weekly or as often as desirable and possible; (b) Special annotated bibliographies relating to particular subjects, such as the minimum wage, the 8-hour day, vocational education, employees' participation in industrial management, industrial hygiene, etc., will appear from time to time as occasion demands.

VI. LEGISLATIVE SERIES.

This Series contains reprints and translations of the texts of laws, decrees, orders, and regulations affecting labour issued in the different countries of the world. The series, which is published in English, French, and German, constitutes a continuation in a new form of the series published by the old International Labour Office at Basle.

VII. REPORTS OF THE INTERNATIONAL LABOUR CONFERENCE.

These Reports comprise: (a) Reports prepared by the International Labour Office for the Annual Conference; (b) Verbatim Reports of the proceedings of the Conference; (c) The official text of the Draft Conventions and Recommendations adopted by the Conference.

Non-Periodical Publications

VIII. SPECIAL REPORTS.

The results of important special investigations or researches carried out by the International Labour Office and similar studies made outside the Office, if deemed of sufficient value will be published as Special Reports.

IX OTHER PUBLICATIONS.

Under this heading are included all publications which do not fall into any of the categories mentioned above. Such publications comprise, for example, the Constitution and Rules of the International Labour Organization, as well as the series devoted to explaining the functions and activities of the Organization and the International Labour Office.

CONDITIONS OF SUBSCRIPTION

Inclusive Subscription.

It has been decided to establish an inclusive subscription for the publications of the Office as a whole. This subscription will cover all publications of whatever kind appearing during the period for which the subscription is valid.

Individual Subscription.

Subscriptions will be received for any one or more of the various series of periodical publications, regular or irregular, mentioned above. Individual subscriptions do not cover non-periodical publications. All publications may be bought separately.

Unless otherwise requested subscriptions will date from the first of the month current at the time of receipt.

Rate of Subscription

The Office has encountered certain difficulties in fixing the rate of subscription for its publications. It is clearly impossible to fix the price for each country at current rates of exchange with, say, the Swiss franc. Such a system would make the rate of subscription prohibitive in countries in which the currency has greatly depreciated. Furthermore, as the rates of exchange continually fluctuate, the prices would vary from day to day and from year to year. On the other hand the Office did not consider it advisable to fix the rates of subscription in the currencies of the different countries at the par rates of exchange existing before the war. The plan adopted is frankly a compromise intended to give the widest circulation to the publications of the International Labour Office, while safeguarding the Office from too heavy financial losses. It has taken into account to some extent current rates of exchange, but it has avoided imposing prohibitive prices on any country. The annual rates of subscription have been fixed provisionally in the table given below.

Currency	Belgium	France	Germany	Great Britain	Italy	Netherlands	Spain	Switzerland	United States
	Francs	Francs	Marks	£ s d	Lire	Florins	Pesetas	Francs	Dollars
<i>International Labour Review</i>	50	50	75	1 4 0	65	15	30	30	5
<i>Official Bulletin</i>	25	25	38	12 0	32.50	7.50	15	15	2.50
<i>Daily Intelligence</i>	165	165	250	4 0 0	215	50	100	100	17
<i>Studies and Reports</i>	200	200	300	4 16 0	260	60	120	120	20
<i>Bibliographical Series</i>	10	10	15	5 0	13	3	6	6	1
<i>Legislative Series</i>	35	35	50	16 0	45	10	20	20	4
<i>Documents of the Annual Conference</i>	35	35	50	16 0	45	10	20	20	4
Inclusive Subscription	500	500	750	12 0 0	650	150	300	300	50

Except for the inclusive subscription postage is extra.

Rates will be quoted for other countries on application.

Attention may be drawn to the fact that these rates have been fixed in such a way as to give considerable advantage to those who pay the inclusive subscription. Not only do these subscribers pay less than the sum of the individual subscriptions, but in addition they receive all the non-periodical publications. The Special Reports of the Office will undoubtedly have considerable importance.

Orders and subscriptions of whatever kind should be sent, together with remittance to the International Labour Office, to whose order cheques should be drawn.

As it was desired that the Legislative Series of 1919 (English edition) should correspond exactly with the German and French editions of the Bulletin of the International Labour Office of Basle, a certain number of laws and orders issued in 1919 which did not appear in that Bulletin have been included in the Series for 1920 for the sake of completeness. In future the Series for any calendar year will include only the laws and orders bearing the date of that year.
