

Figures

1.1	Logarithm of per capita GDP in Japan, India, Indonesia, and the Asian average in 1990 International USD, converted at PPP, 1870-2000	6
1.2	Log of per capita gross fixed non-residential physical capital stock in Japan, India, Indonesia, 1890-2000, in 1990 Int. USD converted at PPP	7
1.3	Percentage literacy in Japan, India, Indonesia, 1890-2000	9
1.4	Life expectancy at birth (years) in Japan, India, Indonesia, 1890-2000	10
1.5	Historical Living Standard Index (HLSI) for Japan, India, Indonesia, 1890-2000	11
3.1	Percentage girls per level of education in Indonesia, 1890-2000	54
3.2	Average years of education in Indonesia, 1950-2000	66
3.3	Average years of education in India, 1950-2000	66
3.4	Average years of education in Japan, 1890-2000	67
3.5	Government expenditure on education as a percentage of GDP in Indonesia, 1967-2000	71
3.6	Government plus private expenditure on education as a percentage of GDP in India, Indonesia, and Japan, 1880-2000 (in current prices)	74
4.1	Log enrolment in primary education in Indonesia by ethnic group, 1890-1940	84
4.2	Log gross enrolment ratio in primary education in Indonesia, 1880-2000	86
4.3	Share of ethnic group enrolled in general secondary education in Indonesia, 1890-1940	87
4.4	Gross enrolment ratio in secondary education in Indonesia, 1840-2000	88
4.5	Share of persons enrolled in vocational and general secondary education in Indonesia, 1950-1999	90
4.6	Gross enrolment ratio in higher education in Indonesia, 1945-2000	91
4.7	Gross enrolment ratio in primary education in Indonesia, 1890-1940	92
4.8	Share of educational expenditure by level of education in Indonesia, 1880-1999	94
4.9	Government and private expenditure on education as percentage of GDP in Indonesia, 1880-1999	95
4.10	Logarithm of the share of secondary and higher enrolments in total enrolments in India and Indonesia, 1880-2000	98
4.11	Gross enrolment ratio in primary education in India, 1880-2000	99
4.12	Enrolment shares in India, 1880-1995	100
4.13	The share of girls by level of enrolment in India, 1880-1995	102
4.14	Percentage shares of public expenditure by level of education in India, 1880-1996	104
4.15	Government and private expenditure on education as a percentage of GDP in India, 1880-1996	105
4.16	Gross enrolment ratio per level of education in Japan, 1880-2000	107
4.17	Percentage females enrolled per level of education in Japan, 1880-2000	110
4.18	Share of public expenditure per level of education in Japan, 1886-2000	111
4.19	Government and private expenditure on education as a share of GDP in Japan, 1880-2000	112
5.1	Per capita human capital in India, Indonesia, and Japan in log 1990 International USD, converted at PPP.	141
5.2	Share of gross human capital formation in human capital corrected GDP for India, Indonesia, and Japan, 1890 -2000 (based on current local prices)	148
5.3	Logarithm of the estimated human capital-output ratio for India, Indonesia, and Japan, 1890 -2000 (based on constant 1990 international USD, converted at PPP)	149
5.4	A comparison of the growth rates of per capita stock of human capital in Japan, 1895-2000, all monetary variables are based on constant 1990 international USD, converted at PPP	151

5.5	Estimated human capital stock-gross fixed non-residential physical capital stock ratio for India, Indonesia, and Japan, 1890 -2000 (based on constant 1990 international USD, converted at PPP)	151
6.1	Human capital:output ratio (based on constant 1990 international USD, converted at PPP)	156
6.2	Relation between average duration of training and growth rate of the per capita human capital stock in Japan	160
6.3	Relation between average duration of training and growth rate of the per capita human capital stock in Indonesia	161
6.4	Relation between average duration of training and growth rate of the per capita human capital stock in India	161
6.5	Growth of average years of education in Indonesia, 1890-2000	165
6.6	Log of the sum of per student private and public expenditure on education in constant 1990 yen in Japan, 1886-2000	166
7.1	Imbalance effect in the Lucas theory	183
7.2	Recursive coefficient of $\Delta \ln h_{t-1}$ from table 7.2 for Japan (+/- 2 standard errors)	190
7.3	Recursive coefficient of $\ln h_{t-1}$ from table 7.2 for Japan (+/- 2 standard errors)	190
7.4	20-step forecasts for $\Delta \ln y_t$ (SE based on error variance only) for Japan, 1976-1995	191
7.5	Recursive coefficient of $\Delta \ln h_{t-1}$ from table 7.1 for Indonesia (+/- 2 standard errors)	192
7.6	15-step forecasts for $\Delta \ln y_t$ (SE based on error variance only) for Indonesia, 1909-1925.	192
7.7	15-step forecasts for $\Delta \ln y_t$ (SE based on error variance only) for Indonesia, 1986-2000.	193
7.8	Recursive coefficient of $\Delta \ln h_{t-1}$ from table 7.1 for India (+/- 2 standard errors)	193
7.9	20-step forecasts for $\Delta \ln y_t$ (SE based on error variance only) for India, 1941-1960	194
7.10	15-step forecasts for $\Delta \ln y_t$ (SE based on error variance only) for India, 1986-1999	194
8.1	Growth of the estimated per capita human capital stock of India, Indonesia, and Japan, 1890-2000	225
8.2	Real and simulated per capita GDP in India and its gap with Japan, 1900-1990, 1990 Intl USD	228
8.3	Real and simulated per capita GDP in Indonesia and its gap with Japan, 1900-1990, 1990 Intl. USD	229
A.4.1.	Percentage division of GDP in Indonesia 1890-2000 in current prices in expenditure shares	252
A.13.1	Percentage division of GDP in Indonesia 1890-2000 in current prices in expenditure shares including human capital formation	299
